Mefenamic Acid

Has potent dual mode of action by inhibiting both COX-1 & COX-2
Exhibit effective anti-inflammatory, analgesic & antipyretic activity

Paracetamol

Shows better analgesic & antipyretic properties, thus
used in symptomatic management of moderate pain & fever
Favourable efficacy & is well tolerated

Indication

- Muscular pain
- Moderate pain such as headache
- Dental pain
- Fever & pyrexia in children

MPL

The best combination to Nourish the Neurons

METVUS-PLUS

Inj. 5 ml

Methylcobalamin 1000 mcg + Pyridoxine Hcl 100 mg + Niacinamide 100 mg + D-Panthenol 50 mg Injection

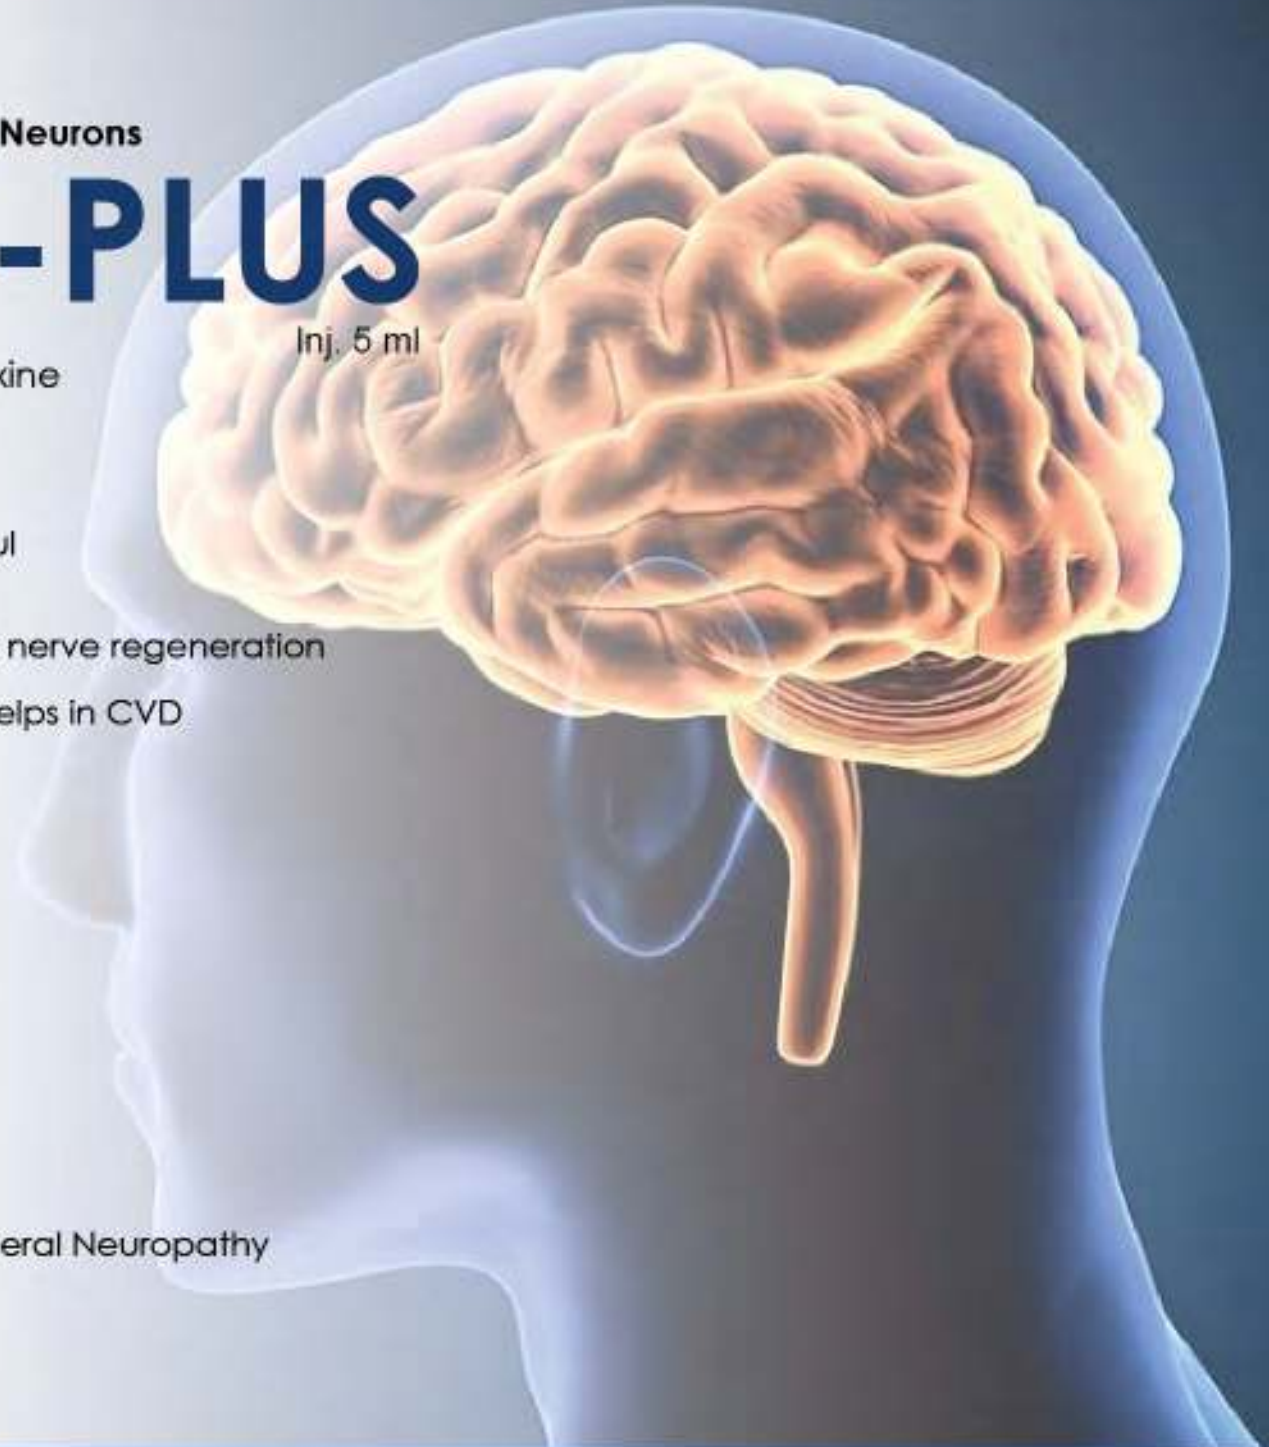

- An ideal combination to relieve painful neuropathic & debilitated conditions
- Repairs damaged nerves & enhances nerve regeneration
- Reduces level of homocysteine thus helps in CVD

Indications

- Diabetic Neuropathy
- Fibromyalgia Neuralgia
- General Weakness
- Alcoholic Neuropathy
- Burning Feet Syndrome
- Painful Neurological Conditions Peripheral Neuropathy

MTV

Today's Popular Choice Supplement

The ultimate choice

MOISTMUST

Moisturizing Cream
Cream

Aloe Vera Extract, Wheatgerm Oil, Sodium Hyaluronate, Lanolin, Sodium Pca, Wheat Amind Acids, Panthenol, Leaf Extract, Aqua Mineral Oil, Glyceryl, Minister are, Glycerin Cetyl, Alcohol, Dimethicone, Stearic Acid Propyl Isopropyl Palmtate, Triethanolamine, Disodium EDTA, Potassium hydroxide, Propylene Glycol, Fragrance & Cream Base Q.s

Indications

- Enriched with quality emollients
- Unique combination that protects dry skin & enhances hydration
- Helps in preventing recurrence of dryness
- Helps restores skin natural protective barrier.

Direction for use

- Eczema
- Psoriasis
- Dry Skin

An Effect All Beyond Moisturizing

MOI

The best choice for treating mouth ulcer, stomatitis & gingivitis

MOUL GEL

Choline salicylate 8.7%, Lignocaine Hydrochloride 2.0%
Benzalkonium Chloride solution 0.01%

Choline Salicylate

- Potent analgesic & anti-inflammatory action
- Relieves pain and discomfort in the mouth caused by ulcers - cold sores dentures / braces

Benzalkonium Chloride

- A nitrogenous cationic surfactant with antiseptic & disinfecting properties
- Excellent results in stomatitis, thrush, gingivitis, tonsillitis

Lignocaine

- Potent surface anaesthetic effects

MOU

Heals Mouth Ulcer Quickly

The trusted Co-Amoxyclav

MOXIVUS-625/LB^{Tab.}

Amoxicillin 500mg, Clavulanic Acid 125mg, Lactic Acid Bacillus 60,000 million spores

- Nearly 100% absorption, Guarantees first time success
- Excellent broad and extended spectrum of activity
- Clavulanic acid is a potent inhibitor of many B-lactamases, ensures Superior Efficacy.
- Well tolerated and safe in pregnancy.
- Approved by USFDA and recommended by ATS and BTS.

Indications

- Acute Tonsillitis, Sinusitis
- Acute Otitis Media
- Gynaecological Infections
- Surgical Prophylaxis
- Bronchitis, Pneumonia
- Urinary Tract Infections

Amoxicillin Trihydrate 400mg,
Potassium Clavulanate 57mg.

MOXIVUS-CV^{Dly Syp.}

Amoxicillin 200mg, Clavulanic Acid 28.5mg

The clear and Effective Choice

ACLEVER COMBINATION TO OVERCOME CONSTRAIN....

MOXIVUS-KID^{TAB}

AMOXYCILLIN 200MG + CLAVULANIC ACID 28.5MG

- It works by stopping the growth of bacteria
- Inhibits bacterial **β-lactamase** enzyme to protect activity of Amoxicillin
- Also effective against ESBL producing bacterial strains

Indications

- E.N.T. Infections
- Respiratory tract infections
- Urogenital infections
- Skin infections

Novel combination for treating pain, fever & inflammation

NEVILL-PLUS^{Tab.}

Nimesulide 100 mg + Paracetamol 325 mg

Nimesulide

Preferential COX2 inhibitor
Offers excellent anti-inflammatory action

Paracetamol

Trusted analgesic
Relieves pain and fever, useful in the management
of day to day fever, pain & inflammation

Indications

- Fever, Pain & inflammation
- Osteoarthritis
- Rheumatoid Arthritis
- ENT/Dental Inflammations
- Pelvic Inflammatory Disease
- Sports Injuries
- Dysmenorrhoea

Also Available

A gentle way to treat post vaccination Fever & Pain in kids

The winning combination for polymicrobial infections

OFFDYSS-OZ/200 Tab.

OFF Ofloxacin 200mg + Ornidazole 500mg Tablets

Broad spectrum coverage against aerobic & anaerobic bacteria and protozoa
Exhibits lowest MIC against anaerobes compared to other nitroimidazoles
Least metallic taste compared to Metronidazole & Tinidazoles

Indications

- Diarrhoea & Dysentery
- Amoebiasis
- Pelvic Inflammatory Diseases
- Intra-abdominal infection
- Post Surgical Conditions
- Gastroenteritis
- Dental Infections

Also Available

OFFDYSS suspension

Ofloxacin 50mg + Metronidazole
Benzoate 120mg + Simethicone 10mg

Zero down Nausea & Vomiting

ONWELL-MD Tab.

Ondansetron 4 mg mouth dissolving

ONW

- Strong prophylactic anti-emetic efficacy
- Acts both centrally & peripherally
- Ideal drug for Post-Operative Nausea & Vomiting
- Safe in all trimesters of Pregnancy with no side effects

Indications

- Chemotherapy induced Nausea & Vomiting (CINV)
- Radiotherapy induced Nausea & Vomiting (RINV)
- Post Operative Nausea & Vomiting (RINV)
- Nausea & Vomiting due to Gastric dysmotility & Gastroparesis
- Prophylaxis before surgery

Also Available

ONWELL Drop
Ondansetron 2 mg.

Sets your patients free from nausea & vomiting

For perfect control of acid peptic disorders
associated with nausea & Vomiting

PANPLUS-DSR^{Cap}

Pantoprazole 40 mg, Domperidone 30 mg

PAN

- Effectively controls acidity & treats nausea & vomiting effectively
- Accelerates Gastric emptying
- High symptoms improvement rates in cases of GERD
- Prevents NSAIDs related ulcers

Indications

- To treat peptic ulcers
- Gastroesophageal reflux disease (GERD).
- Nausea
- Vomiting
- Dyspepsia

an ideal combination

Knock-out the severe infections

PIPVUS-4.5_{Inj.}

Piperacillin 4gm + Tazobactam 0.5gm
+ Powder of Solution for Infusion (217mg)

Piperacillin-Extended spectrum anti-pseudomonal Penicillin
Effective against gram+ve, aerobic & anaerobic bacteria

Indications

PIP

- Intra-abdominal Infections
- Skin Structure Infections
- Diabetic Foot Infections
- Pelvic Inflammatory Disease
- Community-acquired pneumonia
- Nosocomial pneumonia
- Surgical wound infections
- Febrile Neutropenia
- Sepsis

treat pneumonia and skin, gynecological, and abdominal (stomach area) infections caused by bacteria.

Ultimate Choice in Critical Infection

First line choice for empirical therapy

PLUSPOD[®]-200 Tab

Cefpodoxime DT 200 mg Tablets

- Active against Gram +ve & Gram -ve bacteria - useful option for empirical therapy
- Extended spectrum with high B-lactamase stability
- 8 fold higher bacteriological potency than Cefixime
- Superior to Co-amoxyclav in AECB
- Approved by USFDA in acute otitis media for 5 days
- High Success rates in - Typhoid fever, UTI, SSTI & pneumonia

Indications

- LRTI - CAP, Bronchitis
- Typhoid fever
- Urinary tract infections
- Bone and joint infections
- Post surgical infection
- Urogenital infection
- URTI - Tonsillitis, Pharyngitis Sinusitis, AOM
- SSTI - Cellulitis, Abscess, wound infections
